Hi, Erik:

Laura had a complication from Thursday's [REDACTED]. She is going back in now. I have not had time to review with her what is necessary to amend the complaint.

I called the court about 4:25pm PDT asking for an additional day's time to file a motion to amend. I also asked that the government defendants receive the same extension to file their motion to dismiss. The Hon. Magistrate Judge Cobb's staff indicates he is granting the request.

I left a verbal message on your work voice mail with the same information contained herein.

I apologize for the late notice. Please call with questions. My cell remains the same: [REDACTED]. Have a nice weekend, Erik.

Best, Gordie
